The new edition adds the latest information on **hemp and CBD products**, the **2018 Farm Bill**, the **Department of Agriculture rules on Establishment of a Domestic Hemp Production Program**, and a **fifty-state survey** of the latest medical and recreational cannabis laws and regulations.

Legal Guide to the Business of Marijuana offers critical guidance on a wide range of interrelated topics, including the complex and varying state regulation of medical and non-medical marijuana; federal law, enforcement, and preemption and their implications for employment, taxes, and banking; and the various aspects of establishing and managing a marijuana enterprise, including the growing, licensing, labeling, transporting, and distribution of marijuana and related products.
