Hillman on Commercial Loan Documentation

Sixth Edition

by **Thomas S. Hemmendinger**

With the seventh release of *Hillman on Commercial Loan Documentation*, Thomas S. Hemmendinger has updated the treatise with the latest changes in the law, practical information, and analysis.

Highlights of Release #7 include:

- **Revised § 14:5, Where to Search**, discusses the places to search under all possible debtor names when the debtor is neither a human nor a registered organization and (1) has had only one place of business in the last five years, or (2) has had multiple places of business at any one time in the last five years.
- **Chapter 18, Subordination Agreements**, has been completely rewritten with updated definitions and sample clauses.
- **New § 19:3.3, Collateral**, explains that the concept of what “collateral” the intercreditor agreement governs is often broader and more complex than the collateral description in the security agreements and mortgages.
- **New and updated forms**, including: Forms 14.1, Inventory Purchase-Money Security Interest Notice, 18.1, Subordination Agreement, 18.3, Subordination Agreement with Non-Insider Creditor, 19.1, Intercreditor Agreement, 19.3, Intercreditor Agreement with Vendor, 19.4, Intercreditor Agreement, 19.5, Intercreditor Agreement, and 19.8, Intercreditor Agreement with Logistics Provider.
