

This is your Release #16 (December 2022)

Public Company Deskbook

Complying with Federal Governance & Disclosure Requirements

Third Edition

**by Marc R. Trevino
Benjamin H. Weiner**

Although movement has been in fits and starts, the ongoing shift in the corporate governance landscape to one that is more strongly prescriptive is clear. The number and scope of reforms, the speed with which they are implemented or modified, and the varying sources of change present a continuing challenge for all participants—corporate boards, officers, various gatekeepers, and advisors.

The *Public Company Deskbook* is the one-stop resource for current requirements and pending proposals. Highlights of Release #16 include:

- A new chapter on the SEC’s recently proposed climate-related disclosure requirements, which, if adopted as proposed, would significantly expand disclosure requirements for public companies.
- An updated discussion of cybersecurity-related requirements and considerations, including the SEC’s recently proposed cybersecurity disclosure requirements and implications for public companies.
- Updates to address the implications of other recent SEC rulemakings, including the adoption of rules on universal proxy and pay versus performance.
- An updated discussion of corporate governance guidelines for U.S.-listed companies, including Nasdaq’s board diversity rule and disclosure requirements.

In addition, the **Index** has been updated to reflect the revisions found in Release #16.

Thank you for purchasing *Public Company Deskbook*. If you have questions about this product or would like information on our other products, please contact customer service at info@pli.edu or at (800) 260-4PLI.
